LAKE TAHOE VISITOR'S NEW BOOK IS OUT

The Black Pearl of Passion, a murder mystery by Dorothy Fay has been recently released by the Gallop Press, Inc. of New York City.

Dorothy Fay is a frequent visitor at Lake Tahoe where she has visited Miss Clair MacDonald of Homewood. Miss MacDonald has placed a copy of this book in the lending library of the Truckee Drug.

Kenneth Huston has this to say regarding the story "Here is a murder mystery to baffle even the chronic reader of mystery tales, written in a style so swift moving that its action never lags for a moment. A brilliant deductive piece of work and the final solution of the mystery comes as a complete surprise."

HIGH SCHOOL BONDS DEFEATED

Votes Cast Against Bond Issue, 129, For Bonds 39.

The bond issue that was before the voters of the Meadow Lake Union High School District on Tuesday for the issuing of \$25,000 in bonds for the erection of a new high school building and purchasing of a new site for the school was overwhelmingly defeated.

There was a total of 168 votes cast in the district and 129 votes were against the bond issue, 38 voting for the bonds.

Tabulation of votes cast:

	Against	For
Truckee	102	34
Hobart Mills	27	1
Floriston	0	4
Total	129	39

With the defeat of the bond issue for \$25,000 to erect an entirely new school, the voters will soon be asked to vote on a \$17,500 bond issue to repair the present building and make additions which the trustees feel are necessary.

The committee in charge of the affair are making every effort to provide an evening of entertainment for their guests.

Electorates Attitude On Diversion of Gas Tax

Although their present attitude is against the diversion of gasoline tax funds, legislators apparently do not want to be bound by any expression of the electorate. A constitutional amendment seeking an expression of the people or a provision which would prevent diversion of gasoline tax funds in the future, was voted down recently in the senate.

Its author, Senator Thomas Scolan, Sacramento, pointed out that it was becoming more and more difficult to resist attempts to divert gasoline tax funds for purposes other than the construction of roads.

Those senators who spoke against the referendum measure said they believed it was not desirable to bind the legislature to any constitutional provision.

Two Men Seriously Cut By Unknown Assailant

John Wesby of San Francisco and Jay Murray of Lone Pine were brought to the office of Dr. J. H. Bernard on Tuesday evening suffering from severe cuts.

The two men who had camped in the jungles near the Southern Pacific pumping plant on the Truckee River claimed they were attacked by an unknown assailant as they were preparing their supper. They claim that their assailant attacked them with a razor or knife inflicting deep cuts in their throats.

After receiving first aid at the office of Dr. Bernard the men were taken to Nevada City and placed in the county hospital for medical attention.

Sheriff Carl Tobiasen was in town on Wednesday conducting an investigation into the affair.

GRAMMER SCHOOL GRADUATION HAS EXCELLENT PROGRAM

An excellent program was presented at the Methodist Church last Thursday night for the graduation exercises of the Truckee Grammar School when eleven students were presented diplomas by Mrs. Dan Smith, clerk of the board of trustees.

The first part of the program was presented by the primary and intermediate classes of the grammar school and consisted of songs by the primary classes and a short play "Three Wishes" by the intermediate grades.

The second part of the program was given by the graduating class and members of the seventh grade.

Arrests Made In Liquor Law Violations

Russell B. Farley of the Board of Equalization was in town Tuesday and Wednesday and accompanied by Sheriff Carl Tobiasen checked up on the various liquor establishments in town and arrested Julia Smith and Billie White for selling liquor without a license, also the Saddlerock Cafe. A hearing was held before Judge C. E. Smith and the women were fined \$25 and given a thirty day suspended sentence. A hearing will be given the owner of the Saddlerock Cafe later.

Grammar School Bond Election July 9th

CHARGE OF THE TAX BRIGADE

If the people of California want to save motoring from becoming a luxury for the wealthy only, they had best speak up now, or forever hold their peace. Once the growing campaign of tax-hungry lawmakers to soak the autoist gets out of hand, it will be too late.

Because the motorist has uncomplainingly paid his way at progressively higher rates thus far, the taxation artists have got the idea that this source of revenue is unlimited. And unless the public rises up to dispel the misapprehension once and for all, driving a car may someday become as exclusive a privilege as owning a string of polo ponies.

Reasonable gasoline taxes, license taxes and property taxes on automobiles to provide for roads were all right. But when these were seen to get by without undue resistance, the free-for all was on. Gas taxes everywhere suddenly began to go up, up, up until they reached 100 per cent in some sections.

Then three years ago the federal government, observing that the fish were biting beautifully, dropped its hook into the water. And last year California motorists paid out something over \$13,000,000 to Uncle Sam.

Then in the just ended session at Sacramento it took all the energy of a few far-sighted men to keep the state levy from mounting another cent. And then somebody came forth with a plan for increasing direct state taxes on the car owner!

Nobody wants to see the average person denied free use of an automobile in the business of daily living because it has been taxed into the luxury class. And the time for us to voice that conviction is now, before the thing gets completely out of control.

SOMETHING IS WRONG

Now that it's all over but the shouting, the time has come to look into a few facts about this year's session of the Legislature and find out just what is wrong with California's lawmaking procedure.

Let's look at the record. First, the session was the longest in the history of California. It was just after New Year's, if you remember, when the representatives of the people got together at Sacramento. And here it is the middle of June.

Another all-time record was set in the number of bills introduced. By January 27 more than 3500 separate measures had been put forward, and gradually swelled to 3680. Late in May there were still something over 2000 on the docket.

Perhaps the new problems of a life becoming ever more complex render speedy, effective legislation impossible for lawmakers who go about things in the old way. But that very complexity makes it even more imperative to have speed and efficiency.

Nothing is basically wrong with the system. But we must modernize the cumbersome procedure within that system. The recent proposal to limit the number of bills permitted in any one session is a good example of what could be done.

The whole problem is too big to solve in any haphazard way. Perhaps it would be wise to have a commission appointed to study it and offer recommendations.

CALIFORNIA UNPREPARED

When fire strikes this summer in many rural sections of California, there will be no organized force on hand to combat it.

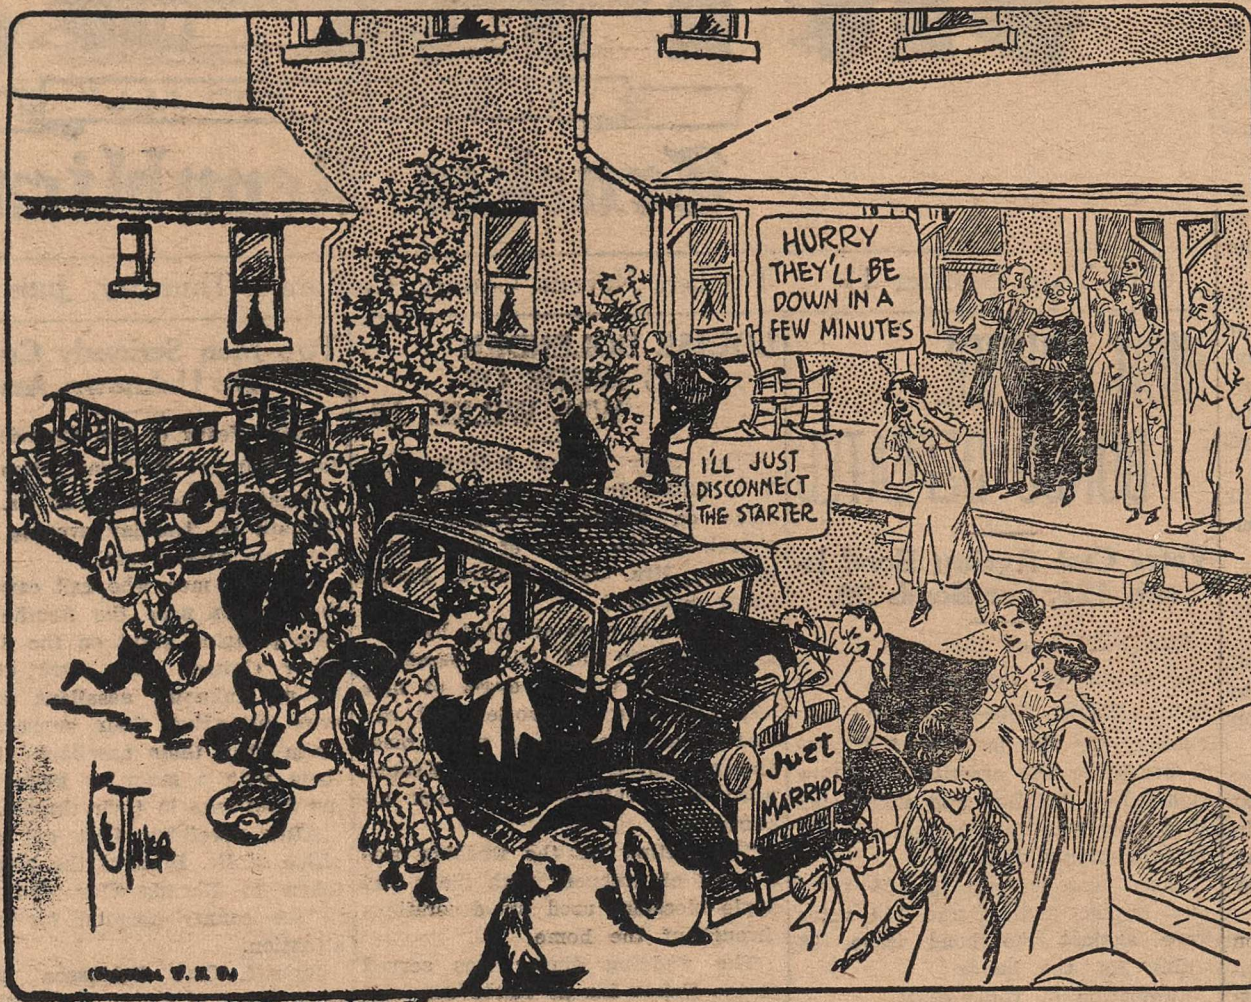

That is the unfortunate position of the State as it enters again into the dry months with only ten per cent of its area covered by rural fire control districts.

For many years California has had a law providing for the voluntary establishment of such districts. But pitifully little has been done. Perhaps it is just another of those projects that everybody admits is a fine thing, but waits for the other fellow to carry out.

Not that everyone is apathetic on this score. The California Farm Bureau Federation, which originally proposed the Fire District Act of 1923, has kept up unceasing effort to get new control districts organized, and it is largely to their commendable work that the State is indebted for the more than 250 already set up.

But the surface of the job to be done is hardly scratched. There must be a new awakening to the horror of fire and its toll of lives, as well as its tremendous waste of money—something like \$14,000,000 each year in California.

Here Comes the Bride

Politically Speaking

By GEORGE E. HELMER
(United Press Staff Correspondent)

SACRAMENTO, June 13.—(UP)—Major oil companies and particularly Standard Oil received prominent mention during widely divergent assembly fights which moved two of the most controversial legislative bills out of the houses and into the governor's office.

After the assembly had amended the Burns bill in such manner that it would require competitive bidding for the privilege of slanting wells into state-owned tideland pools, the senate struck out the amendment and returned the bill for concurrence.

During the battle which followed, Assemblyman John H. O'Donnell, Woodland, charged that "another Teapot Dome Oil Scandal" was brewing; that the state was donating millions of dollars to the Standard Oil company, which controls the littoral land adjoining Huntington Beach.

Assemblymen listened to his shouts, then voted against him, 43 to 32, sending the bill to the governor.

A few hours later, the lower house considered senate amendments to the chain store tax bill and again the minority began criticizing legislation "designed to aid the Standard Oil."

The senate had amended the bill to exempt gasoline service stations. Although several major companies would be benefitted by this, the Standard company was mentioned more often than others.

Assemblyman Melvyn Cronin, San Francisco, author of the chain store tax proposal, accepted the senate amendments because he feared a rejection would result in the entire bill being lost in the last minute legislative scramble. A majority shared his view, and the measure carried by a heavy vote.

Skirmishing on the chain store tax measure brought out the greatest example of long distance lobbying the legislature witnessed this year. Opposing it were chain store organizations, oil companies and other large corporations. Favoring it were individual merchants who flooded both houses with telegrams. It was estimated that during senate consideration of the bill, 500,000 telegrams descended on the members. This may have been a gross exaggeration, but it was a fact that messenger boys with armloads of telegrams kept sergeants at arms busy distributing appeals from "constituents."

Opponents were successful in their attempts to get supporters to explain how the chain store tax bill could be called "fair" when it exempted gasoline service stations, ice distributing stations, theatres, beauty parlors and barber shops but affected other "foreign" and home owned multiple unit organizations.

Proponents said it was an important revenue producing bill, as it would raise \$2,000,000 to \$4,000,000 biennially for the state; opponents insisted it was a discriminatory measure, but the opponents were far in the minority.

Assemblyman Michael J. Burns:

Eureka, did not answer when Assemblyman Ernest Voigt, Los Angeles, asked in connection with the tideland oil bill:

"Don't you think the Standard Oil Company has been compensated for campaign expenditures by exemption of service stations from the chain store tax?"

No one in the capitol was surprised when the senate defeated the

San Francisco harbor bill, which had gained heavy approval in the assembly. The measure would have transferred ownership of the harbor from the state to the city.

A majority of senators are from rural districts. They contended the harbor was the gateway for agricultural products and should be supervised by the state. They won, 25 to 15, thus again dashing the hopes of San Francisco to operate its own

Administration charges that Episcopals were "obstructionists" when they tried to block passage of the 1935-37 budget bill were hurled right back at the "corner office" when Governor Merriam delayed signing the huge appropriations bill.

A two-day delay in the assembly drew sharp criticism from Merriam and his aides. When the governor had had the bill three days without signing it, those who had been criticized began returning some of the verbal brickbats. Anti-administration forces claimed he was holding it back until he was sure his program would go through.

TAHOE REGION NEWS

By Swane

Victor Fitz of Fallon, Nevada has opened an establishment at Tahoe City for the summer and will handle Evinrude and Johnson outboard motors, inboard and outboard boats and accessories and power lawn mowers.

Frank Falez, San Francisco news reporter has established a temporary office at the home of Geo. Bliss in Tahoe City, and is planning to rejuvenate the old Tahoe Tattler, a little newspaper which first saw the light of day at Tahoe back in 1881. The first issue is scheduled to make its appearance on June 28th. Tentative plans call for publication during the summer season and each issue to contain eight pages.

A prominent local home owner is reported to be backing the venture financially although he does not wish his name made public. Among resort owners who are lending their moral support are Dave Chambers and Mr. Comstock of Brockway.

Major and Mrs. Charles Kendrick W. J. Lynch and son of San Francisco and Chas. Schneider of New York were among guests at Tahoe Inn over the week-end.

Tahoe Lodge has been enjoying a lively patronage since the season opened, guests including Comt. and Mrs. E. C. Edwards and three daughters, Comt. P. R. Coons, Mary

Ann Almy and Lieut. and Mrs. Hamrick and children all of Mare Island.

The Tahoe Grammar school children on Friday sponsored a dog show, the first of its kind ever attempted. Judges were George Bliss, Marie McCarthy and Harry Johansson. More than 50 persons attended and over 25 dogs of every kind, size and description, were entered. First prize was awarded Mrs. Perelli's Pekinese, entered by Lillian Pierson and the second prize went to little Norma Joyner's Pekinese.

Mrs. M. M. Theobald and daughter, Jewel, of Oakland are occupying the family home at Lake Forest. Their house guests for an indefinite period include Miss Fern Heim of Oakland, Leonard Murphy of Sonoma and Kelly Singleton of Berkeley.

Mr. and Mrs. J. J. McCarthy of the Tavern who came to Tahoe to fill a three month vacancy and stayed three years, will be leaving the lake to reside in the bay cities in about three weeks. They regret the necessity of departure, having made many valued friends during their stay. Mr. McCarthy has the good fortune of securing a better position with a well known bond house in San Francisco.

John Stevens, for many years with the Tavern company, with his wife occupying the Butler cottage in the Belvedere Tract for the summer. His name has been added to the pay roll of a progressive new local concern.

A new resort, Alabama Inn on Pop 'o the World, individual, novel and select in character, is springing to life from that glorious spot on the mountain 'on above Emerald Bay on the highway, once known as Bay View. Mr. and Mrs. D. W. Heitman, its gracious hosts, of Hollywood, are sparing no expense to create a resort entirely different from anything of its kind on the lake. The old building, which nestles

artistically on the side of the rocky bluff, is being completely remodeled and rushed to completion for the formal grand opening on June 29th. Plate glass windows enclose three sides of the structure, each casing forming a frame for a vista of unparalleled beauty, the blue green glistening waters of Emerald Bay curling at the foot of the picture, with Lake Tahoe and the distant snow capped mountains, crowned with tiers of fluffy clouds, filling out the background.

A cocktail room will be operated in conjunction with the dining room which will feature steaks and chops, charcoal grilled to queen's taste before your eyes, and famous southern dishes. Responsible for these delicacies will be Carl and Irene, renowned colored chefs of Hollywood and Palm Springs, engaged for the season.

An evening of pleasant memories is promised all who phone for reservations on June 29th.

Father's Day, which falls on June 16th will be observed at Tahoe by a special program to be held at the Women's clubhouse from 10 till 12 noon. Rev. C. W. Rogers of Reno will officiate at a short non-sectarian religious service. Bob Harkness has been asked to speak and Arthur Dalbo to sing. All are welcome. On the following Sunday a children's hour will be given following Union Sunday School, which is conducted Sundays by Rev. Graves. Walter Oliver will be in charge of the musical program at 10 a. m. to be arranged entirely by the little folks.

The Merrill home, next to the Tahoe Hatchery Camp Ground, north of town, was robbed on Thursday night, a quantity of stored wine and groceries being taken. Considerable damage was done locks and doors which were pried open crudely by the thieves. No trace of them has as yet been discovered.

Mrs. Fred Lathe arrived from Oakland the latter part of the week to remain with her husband and family for month or so. The family are now established in the C. T. Bliss home near Tahoe City. Mr. and Mrs. A. M. Anderson and family who were former residents, have moved into the Pierson cottage for the summer.

Mrs. Beth McIntosh of Oakland is visiting indefinitely at Mrs. Jean Roth Horta's attractive Carnelian Bay home, Lakeview.

Mr. Altman of San Francisco is the house guest of Miss Marie Richards at the family home in Carnelian Bay. Don Richards and Ben Moore of Glendale are also in for a visit.

Mrs. Mary Planett of Carnelian Bay Resort on June 1st sold out her interests in her grocery store and post office to L. C. Shank who is erecting a modern new grocery and delicatessen on his newly acquired property at Carnelian Bay. She will continue, with her son, to operate the resort.

A romance which had its inception at Carnelian Bay culminated in marriage when Miss Vera White and John Clement of Oakland eloped to Reno. When questioned by friends the bride blushing admitted they had been married more than a week ago.

Among Tahoeites motoring to Truckee on Thursday night for the Eagles installation and social get-together were Mr. and Mrs. N. R. Nichter of Lake Forest, Mr. and Mrs. Fred Kohler of Truckee River and Mr. and Mrs. William Schmidt of Pomin.

The Eagles will sponsor a bridge party on June 20th at 8:30 p. m. at Odd Fellow's Hall in Truckee, to which the public is cordially invited. Refreshments will be served and pinocle will be allowed for those who do not "bridge." Tickets may be secured from Mrs. Swanson at Tahoe.

Two new guest cabins are being erected along the Truckee River, one for Mrs. Walter Reed of Oakland and the other for Mrs. Crone of Oakland.

Recent visitors were Dr. and Mrs. E. H. Ellis and party of Piedmont who enjoyed a jolly week-end party at their home on the Truckee.

Two of Tahoe's most popular "dibs" are back in town for the summer. Miss Jane Lathe and Miss Elsie Broughter. They are guests at the Lathe home. Jane is attending University of California and Elsie returns in the fall to the Dominican Convent in San Rafael.

Mr. and Mrs. Joe Madden of Placerville enjoyed a fishing party on Sunday at the Chris Nielsens being guests for the day.

Young Brothers Bal Bijou announces their opening date as June 22nd. Buck Horn Inn is already open for business and Cal-Neva

Lodge has set Saturday, June 15th, for their grand summer opening. They are featuring some well known entertainers this year in their floor show, and Jimmy Davis' orchestra will be broadcast three times weekly over Don Lee coast to coast nation wide hook up.

Junior Henry of Tahoe, son of the A. M. Henrys, was given a surprise party on Tuesday evening, the occasion being his 16th birthday. Mrs. Henry arranged dancing for the evening's entertainment with a tasty buffet supper served at midnight. Among invited guests were the Misses Ruth McArthur, Sue and Wally Hinkle, Dorothy Hollenbeck, Barbara Phillips, Violet and Rebecca Broehl, Elsie Broughter, Jane Lathe, Lillian and Florence Vernon, Celeste Planett, Patsy Henry, Mrs. Mary Planett, and Messrs Carl and Billie Bechdolt, Robert McKenzie, Charles Henriksen, Donald Pomin, David Renner, Fred Planett, Joe and Marie Henry and the honoree Junior Henry.

No decision has been made as yet on the school bids which were all in on Monday, June 10th. W. C. Keating Sacramento contractor is low bidder, Mr. Mayfield nearly \$2,000 higher. Nothing definite will be decided about the bids until the latter part of the week.

It has been reported there will be an emergency school in the vicinity of Brockway to relieve the congested school conditions now existing at Tahoe. Forty-one children are being taken care of here locally, a new teacher, Miss Ruth Gavin of Berkeley, arriving this week to assist Mrs. Gallinger, elementary teacher. Mrs. Gallinger now has the first four grades, the emergency teacher the remainder of the classes. There was some controversy about the required two mile distance to the proposed emergency school, some of the mothers raising decided objections to their young offspring traversing the busy, narrow highway. It is reported that one family who spend three months at the lake each year objects to the children being brought by bus to Tahoe, although Mrs. Watson who drives daily, is insured for \$30,000 to \$10,000 per pupil, and has driven since 1916 without an accident. The Tahoe branch would be credited with the daily attendance, as the new school would be an emergency only.

High school is out now at Tahoe, closing last Friday until late fall. Only one graduate leaves this term and that is David Renner. From elementary school Beccy Broehl, Margaret Luhrs, Alice Soll, Charles Miner and Oliver Henriksen will start to high school in September.

Charlie Winslow is back at Home-wood, after a trip to San Francisco. While there he traded his old car for a good looking Packard.

Donald Cowell is reported on his way east having left town some time last week.

James Wilson, well known at Tahoe, surprised his many friends in this region by driving into town last Friday after an absence of two seasons. Jim has been away in the gold mines of Yankee Hill District, but plans to spend the summer at Tahoe.

Mr. and Mrs. Henry Bear of San Francisco arrived at Tahoe on Saturday to spend several weeks at the J. T. Clark summer home, Guth-A-Winga.

Mrs. Joe Duffee was a hasty visitor at Tahoe over Saturday night returning at once to Oakland where she is spending the summer. Governor and Mrs. Richard Kirman of Reno were visitors at their summer home near Pomin's on Sunday. They plan to open it for the season this week end.

It's a boy at the Ruper Bradleys Arrived on Wednesday at the San Mateo hospital and weighs 8 1/2 pounds. Mother and baby are progressing nicely. Both will join the proud father as soon as possible at their Emerald Bay home on the Riviera.

Chief Forest Patrol H. I. Snider issued a plea to campers and tourists to exercise the utmost care and precaution in extinguishing their fires this summer before leaving their camps, and fishermen especially are urged not to throw lighted cigarettes into the brush, as many

small fires have been put out already this season which might have proven disastrous if they had not been discovered in time. The largest fire reported so far was at Donner Lake where campers failed to put out their camp fire. Water had to be pumped out of the lake to check it. Snider declared the entire forest patrol would be working by the end of the week.

NOTICE TO CREDITORS

I have this 12th day of June, 1935 taken over the stock of Fred Planett of Carnelian Bay consisting of general grocery stock, one Kelvinator, one ice counter, one balance scales, two glass show cases and fountain equipment.

NORDEN NEWS

Fishing is the latest fad among Norden residents. The past week good catches have been brought in. The heaviest catches being from Donner lake in which Louis Featsent landed one six pound German Brown while Elmer Eversalt was fortunate to come in with one two pound and one four pound German Brown last Friday evening.

Mrs. George Kading of Norden left on Monday for an extended trip to visit relatives in Canada, her itinerary will take her direct to Chicago thence north into Canada as far as Edmonton thence to Vancouver, B. C. down the coast to Seattle and Portland. She plans to spend ninety days on the trip. Elmer Eversalt returned to Norden Monday after visiting with relatives in Sacramento over Sunday. The Boomer family of Norden enjoyed a very pleasant week-end in

Auburn and Fair Oaks viewing prospective land and ranches. Mr. and Mrs. John Kinsey of Newcastle were Sunday evening visitors at the Boomer home at Summit. Louis Featsent of Norden was successful on Sunday afternoon to land a seven pound Mackinaw trout from the shores of Donner Lake. The Backrich brothers who also made up the party went fishless for the day.

C. W. Kramer with his family leave on Sunday, June 16th, for a brief trip to Vancouver, B. C. and to visit with relatives near Everett, Washington.

Mrs. Angie Bealls of Norden has been successful with reel and rod on Lake Van Norden the past week. Robert Ralston has arrived in Norden to spend the summer school vacation.

Frank Briggs has proven his ability to land the finny tribe from the placid waters of lakes and near by streams.

Miles Curran has arrived with his family from Roseville for the Norden Fire Train season.

Mrs. Silas Harrigan of Roseville spent several days in Norden last week.

WHOSE WORD WILL YOU TAKE FOR BLOWOUT PROTECTION?

Low wheels, larger tires, and the high speeds of today make blowout protection in your tires vital to your safety as never before. Are you accepting exaggerated and unsupported advertising and sales claims—or are you accepting the judgment of men who risk their lives on their tires and know from experience the tire that gives them the greatest blowout protection?

Thirty-three race drivers and their mechanics lined up for the dangerous, gruelling grind of the 500-Mile Race at the Indianapolis Speedway May 30th. Firestone Tires were purchased and used on every one of the thirty-three cars.

Kelly Petillo won the race at an average speed of 106 miles per hour. Wilbur Shaw was second, finishing across the finish line just behind the winner. Both drivers broke the track record without tire trouble. In fact, not one of the thirty-three drivers had tire trouble of any kind.

Gum-Dipping is one of the outstanding reasons why Firestone Tires give such amazing performance. By this process every cotton cord is soaked and every strand is insulated with pure liquid rubber, preventing internal friction and heat, the main cause of blowouts. Gum-Dipping is a patented extra process not used in any other make of tire.

Protect your life and the lives of others by equipping your car with Firestone Gum-Dipped Tires—the safest tires built. It will be worth your time to read these three questions and their answers:

QUESTION 1—"Will the tread give me the greatest traction and protection against skidding?"

ANSWER—Leading university tests show Firestone High Speed Tires stop your car 15% quicker than the best of other popular makes of tires.

QUESTION 2—"Are they built to give me the greatest blowout protection?"

ANSWER—Unequaled performance records for sixteen consecutive years prove that Gum-Dipping gives you the greatest blowout protection ever known.

QUESTION 3—"Without sacrificing these two important safety features will they give me longer mileage, thus making them the most economical tires I can buy?"

ANSWER—Thousands of car owners report unequaled mileage records—evidence of the longer wear and greater economy of Firestone High Speed Tires.

1 University tests show Firestone Tires stop cars 15 to 25% quicker

2 Gum-Dipped cords give greater blowout protection. Gum-Dipping is not used in other tires

3 Wider, flatter tread gives more than 50% longer non-skid wear

Why this Amazing Low-Priced Tire Gives More Mileage

It's "double-cured"

• A "single-cured" tire may look all right on the outside. But you shouldn't expect as much mileage when it's cured from the outside only.

Don't gamble on tire quality. The Goodrich DOUBLE-CURING process makes every Cavalier tough all the way through. Motorists everywhere say it's the greatest value ever offered for low-cost, long-mileage service.

Put a set of Goodrich Cavaliers on your car and say goodbye to risking your money on single-cured "bargain-built" tires.

CLEAN CONVENIENT HEALTHFUL HEAT

AMERICAN OIL BURNING HEATER

With this new, up-to-date heater you have no wood or coal to lug in—no dirt and ashes to shovel out. It operates automatically, giving you full heating comfort, even in the coldest weather. The construction is the most efficient known. Giant size heating surfaces and long fire travel extract more heat before the hot gases reach the chimney. That gives increased comfort and saves fuel for you.

To appreciate the beauty of this heater, you must see it. Beautiful baked-on crystalline enamel with gleaming chromium trimmings make this heating appliance a real pride in any home. Why not come in at your first opportunity to look it over? We have other sizes and models, too, at prices that are right.

CHAPTER 2
WHAT HAS GONE BEFORE

Jean Valjean, sentenced to five years in the galleys for the theft of a loaf of bread, serves his term of horrible torture and privation. Paroled, he is shunned by everyone and hounded by the authorities. He seeks refuge in the home of kindly old Bishop Bienvenu who treats him like a long lost brother. Jean is suspicious of such kindness; revenge for the wrongs done him is foremost in his muddled mind.

The Bishop's Candlesticks
The only dish on the table is a large tureen of ragout. The bishop

"She's afraid of me! And no wonder!" He looks at the bishop. "How do you know I won't murder you in the night?"

"Well, how do you know I won't murder you?" is the soft-spoken reply.

Jean's expression plainly says, "That's absurd."

"You have faith in me, it seems? Then I must do the same by you, mustn't I? Good night."

Jean stares at him amazed.

A Thief in the Night

Jean wakes with a start. His hand instinctively goes to his wallet. He satisfies himself that the 109 francs are there. Then the thought comes to his mind—the bishop's silver. The cunning, crafty look of the criminal comes into his face again.

Magic Meals Everyday!

A real treat is in store for all the housewives in this vicinity. Next Monday afternoon at 2:30 and Tuesday evening at 7:30, June 17 and 18, the Standard Oil Company of California will present its free Magic Meal Flamo Cooking Schools. Up to date in every way, modern as a new hat, these cooking schools bring you a host of cooking secrets.

Katherine Welch, the conductor, is a well-known authority on home making and cooking economies. Left overs, the simplest of fare, it makes little difference to her when she's cooking. A few deft gestures, just the right touch of seasoning, a Flamo gas range, and in no time at all a magic meal fit for a King is ready to serve.

This culinary expert is enthusiastic about Standard Flamo Natural Gas for homes beyond the gas mains. "Modernize your home," is her plea. "Modernize yourself! Enjoy real cooking, instant hot water, and food saving refrigeration. Don't be a slave to back-breaking kitchen drudgery!"

The Standard Oil Company of California cordially invites everyone to attend these free Flamo Cooking Schools and inspect the latest in home appliances on display there.
